***Children's Programming:** Your Cluster RE leaders have planned an exciting array of programming for school age children, and separate activities off-site for Youth (7th grade and up).

Childcare for infants and young children will also be provided.

****Note:** One goal many of us yearn for is to establish regular Cluster-wide activities for teens. We hope this gathering will provide a nucleus and incentive to schedule regular joint activities.

*****the Cluster Choir:** Closing Worship will feature our impromptu "choir" peopled by those who are moved by the day's events to sing us forth!
